### Animal Behavior An Evolutionary Approach

The emphasis is on how evolutionary theory unifies the various subdisciplines within animal behavior. These points are highlighted again in the final chapter on human behavior, with its treatment of the proximate and ultimate causes of language and the evolution of mate choice in our species.

### Amazon.com: Animal Behavior: An Evolutionary Approach ...

This makes the book actually enjoyable to read, if you have any interest in animal behavior. The writer is an evolutionary biologist himself, and he makes this clear when he explicitly compares his opinions to other biologists' opinions. The images of the author's thumb as a mating object by a bee were also amusing.
